

ABOUT THE INSTITUTE

The Government Polytechnic, Nagpur, is one of the oldest polytechnic institutions in Maharashtra/India established in July, 1914. Presently the institution is functioning with an annual intake of 860 (first shift 680 and second shift 180). The premises of this premier institute is spread over 22 acres of land with good infrastructure and state of art laboratories, Computer center, conference hall, Audio-Visual Room, Community Hall, Gymnasium, sports & games facilities, etc. Separate hostels to accommodate 180 boys, 54 girls and 20 trainees are also available in the campus. Govt of Maharashtra awarded academic autonomy to this institute in the year 1995. This institute received ISTE Monjee award for overall best performance in the year 1996, 2017 and best polytechnic award from the Government of Maharashtra in the year 1997. The institute is marching towards center of Excellence, which means performing high, offering academic service of excellent quality to both regular students as well as working personnel from industry.

VISION

To become a Centre of Excellence, providing quality technical education and training

MISSION

The mission of Government Polytechnic, Nagpur is-

- To frame institutional policies for effective implementation of teaching learning process
- To inculcate values and ethics for life-long learning through curricular, co-curricular and extra-curricular activities
- To develop facilities and services for academic excellence
- To enhance the skills of faculties and staff through industry institute collaboration.

ABOUT CURRICULUM DEVELOPMENT CELL

Government Polytechnic, Nagpur has got academic autonomy in 1995; under autonomous status the institute is entrusted with the responsibility of designing, developing, implementing and evaluating its own curricula. After identifying needs of industries through search conferences, Curriculum Development cell, with the help of experts from industries, academicians frame curricula of various programs. From 2016 Government Polytechnic, Nagpur adopted OBE Curriculum.

OBJECTIVES

NBA is focusing on the adoption of OBE approach for all engineering programs in India from 2013 for accreditation. NBA adopted Outcome based model because, OBE is "Learner Centric" rather than "Teacher Centric". OBE is an education approach that focuses on the graduate attributes or outcomes, after the completion of academic program. Outcome based approach means, knowing what you want to achieve and taking the steps to do accordingly. There is a need to educate the faculties for all these aspects for proper implementation of OBE; otherwise the expected outcomes will not be possible.

COURSE OUTCOMES

At the end of this course the participants will able to-

1. Identify the need and importance of OBE.
2. Identify the various components of Outcome Based Curriculum (OBC).
3. Use various Outcome Based Learning Teaching Processes. (OBLT)
4. Perform Outcome Based Assessment. (OBA)
5. Perform assignment on OBC, OBLT and OBA

TARGET PARTICIPANTS

Faculty of MSBTE approved and autonomous polytechnics in Maharashtra State.
